Creative UI Designer with a passion for crafting beautiful and intuitive user experiences. Knowledgeable in UX/UI principles and e-commerce platforms. Results-driven UI Designer with a portfolio of successful projects. Experienced in prototyping and developing user interfaces for web and mobile applications. And Video editor using tools such as da vinci resolve an opensource video editing app , filmora 12, VN video editor . Apart from this i had a brief knowledge og google cloud as i was a part of the google practitioner event last year and was among the few who completed the event. Had work with google cloud and it seems a great data management tool for delivering web and video over the web to AI and machine learning tools.
